

Fire Spot

Fire Spot Citrus Based, Ready To Use Pre-Spotter.

Fire Spot is a specially formulated pre-spot treatment for all Bunker Gear Outer Shells & Thermal liners, EMS Gear and Station Wear.

Fire Spot provides superior stain removal, helping to remove all types of difficult stains i.e., grease, oil, soot, tar, petroleum, etc.

Fire Spot penetrates all types of stains.

Fire Spot is not recommended for use with Moisture Barriers due to concerns it may degrade the adhesive quality of the seam seal tape.

Fire Spot is packaged in convenient Ready to use 4 x 32oz Cases

Directions: Simply apply Fire Spot on the stain and let soak for 15 minutes. Brush lightly with a soft bristle nylon brush, thoroughly rinse, and then wash the gear in your extractor using Fire Wash™.

*Do not allow Fire Spot to dry on the fabric.

Eco-Friendly – 100% Biodegradable.
